Important:

You will get two things you will need during the Gathering. First is a backpack. While participants don't have to use it, it is a great way to identify our group around the city and it is an easy way to keep important supplies on hand each day.

Second, wristbands are given to you at the beginning of the Gathering. This is your ticket into all Gathering events. They are not replaceable—if you lose it you are no longer able to attend the events. **NO ONE** is allowed into any of the Gathering areas without one. This is for the safety of all participants.
